

Interested in Lambing & Sheep Care? Then this is the course for you!

Open to Norfolk Countrysiders aged 12+, the Lambing and Sheep Care course is happening at Easton Campus on the **4th March 2017!**

This one day course is only **£65** for Countrysider members and is a great opportunity to learn something new, especially if you love livestock.

During the course you'll have the opportunity to brush up on some key health and safety points, get stuck into nutrition and feeding, and you may even see some ewes lambing - so stick on some overalls, steel toe-capped boots and be prepared to get dirty! Steel toe-capped boots are preferable but not essential!

Places are limited at only 12 people per course - so book early, send in the tear off strip below with your payment to secure your place!

*You will be contacted approximately 4 weeks before the course date once your slip and payment have been received. Please let us know as soon as possible if you become unable attend so that we may offer your place to another member. If the course you are applying for is full, we will contact you and a second course may be arranged if there is enough interest.
